CHUOZUKEN. CO., LTD.

株式会社 中央図研

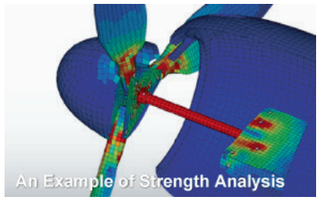
WEBSITE http://www.chuozuken.co.jp

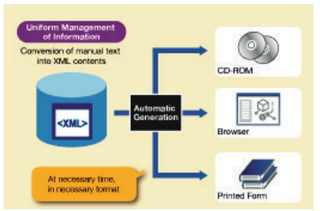
Outline of Business

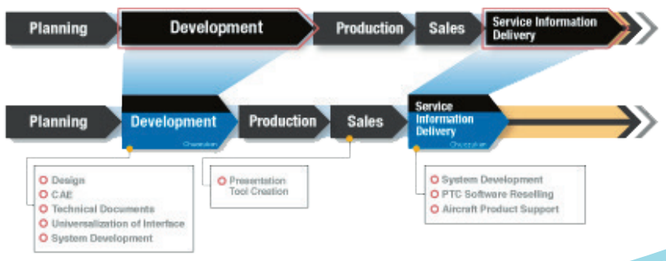
- **Design**
  - Aircraft design
  - Automobile design
- **CAE**
  - Crash analysis
  - Vibration analysis
  - Noise analysis
  - Strength analysis
  - Fluid analysis
- **Technical Publication**
  - Aircraft manual development (ATA iSpec2200/S1000D)
  - Electronic manual development (DITA/XML/SGML)
- **System Development**
  - Web contents creation
  - DTP

Our Strengths

- **CAE**
  - 30 years of experience in automobile structural analysis and thermo-fluid analysis
  - 10 years of experience in aircraft structural analysis
- **Technical Publication**
  - Compliance with ATA iSpec2200 and S1000D (aviation standards)
  - English manuals, authored in full compliance with Simplified Technical English (ASD-STE100)
  - 15 years of experience in electronic documents in XML or SGML format
  - Data constructed using PTC products (We are a licensed PTC software reseller.)







Facilities & Equipment

Design	CAE	Technical Publication	System Development
CATIA V5	HyperWorks, Nastran, Primer	PTC Arbortext	VB, .Net, C, C++, C#, Java

Sales Amount

US$12,833,000
(fiscal year 2014)

Organization

General Affairs Department
Engineering Department
1st Engineering Section
2nd Engineering Section
Planning Department

Important Information / Notices

Are you planning to do business with a Japanese company?
Do you need to create aircraft manuals conforming to aviation standards?
We offer a total solution for coordinating with prime or tier vendors regarding technical publication and customer support.
We also provide structural design optimization supported by our design department.
Why not improve the quality and growth of your products with our service backed by solid performance and experience?

Company Profile / Contact

Representative	Masashi Yanagida	***Address***	15-20 Furuwatari-cho, Naka-ku, Nagoya, Aichi 460-0025, Japan
Capital	US$166,666 ($1 = ¥120)	***TEL***	+81-52-323-2100
Major Customers	Mitsubishi Heavy Industries, Mitsubishi Aircraft Corporation, Mitsubishi Motors Corporation, Nabtesco Corporation	***E-mail***	info@chuozuken.co.jp
